CONTENTS OF VOLUME 34

VOLUME 34 NUMBER 1

1 Prey records of aphidophagous Coccinellidae in India. A review and bibliography. **B. K. Agarwala and A. K. Ghosh**

15 Economic insecticidal control of two major pests of musk melon, *Cucumis melo*, the pumpkin beetle, *Raphidopalpa* spp. and the fruitfly *Dacus cucurbitae* in Rajasthan, Indian. **B. L. Pareek and V. S. Kavadia**

19 The identity and bionomics of insect vectors of tristeza and greening diseases of citrus in Ethiopia. **T. Abate**

24 Residual toxicity of some insecticides on groundnut to the first and third instar larvae of *Spodoptera litura* F. (Lepiodoptera: Noctuidae) **C. Peter and B. V. David**

27 Yield-infestation relationship and economic injury level for okra leafhopper management in India. **J. R. Faleiro and S. Rai**

31 Pulse susceptibility to *Callosobruchus macultaus* (F.) (Bruchidae: Coleoptera) in Pakistan. **M. Hamed, S. U. Khattak and A. Sattar**

35 Problems and perspectives of pest management in the Sahel: a case study of pearl millet. **R. T. Gahukar**

39 The development of sex pheromone trapping of *Heliothis armigera* at ICRISAT, India. **C. S. Pawar, S. Sithanantham, V. S. Bhatnagar, C. P. Srivastava and W. Reed**

44 A field study on the oviposition of *Osatrinia furnacalis* Guenee (Lepidoptera: Pyralidae) on maize in Selangor, Malaysia. **M. Y. Hussein and A. K. Kameldeer**

48 Biology of rhizome fly, *Mimegralla coeruleifrons* Macquart (Micropezidae: Diptera) in India, a pest of turmeric and ginger crops. **S. A. Ghorpade, S. S. Jadhav and D. S. Ajri**

52 Confirmation of resistance of the coffee leafminer *Leucoptera meyricki* Ghesquière (Lepidoptera, Lyonetiidae) to organophosphate insecticde sprays in Tanzania. **R. Bardner and E. Y. Mcharo**

55 Ecological studies relevant to the management of *Thrips palmi* Karny on mango in India. **A. Verghese, P. L. Tandon and G. S. Prasada Rao**

59 Causes of resistance to *Aphis craccivora* Koch. in cowpea germplasm in India. **B. G. Jayappa and S. Lingappa**

62 Screening of cowpea germplasm for resistance to *Aphis craccivora* Koch. in India. **B. G. Jayappa and S. Lingappa**

65 Timing the application of deltamethrin and cypermethrin for the control of insect pests of cowpea *Vigna unguiculata* (L.) Walp. **S. O. Dina**

68 Recent approaches in root-zone placement of insecticides for effective rice pest control. **N. V. Krishnaiah, M. B. Kalode and A. Ashok Reddy**

72 The evaluation of an electrostataic spraying method for mosquito control. **E. M. Chadd and G. A. Matthews**

76 Evaluation of some insecticides for the control of major insect pests of okra and their side effects. **C. Peter and B. V. David**

81 Control of taro leaf blight using metalaxyl. **P. G. Cox and C. Kasimani**

85 Glume blight of rice in Brazil: etiology, varietal reaction and loss estimates. **A. S. Prabhu and I. P. Bedendo**

89 Yield losses induced by African cassava mosaic virus in relation to the mode and the date of infection. **D. Fargette, C. Fauquet and J,-C Thouvenel**

92 Some aspects of the epidemiology of African cassava mosaic virus in Ivory Coast. **C. Fauquet, D. Fargette, and J.-C Thouvenel**

97 Development and testing of a control package for *Striga hermonthica* on small-scale holdings in the Gambia. **A. G. Carson**

102 Effect of weed control and levels of nitrogen on performance of transplanted rice and nutrients uptake by rice and weeds. **S. S. Kolhe, B. N. Mittra and S. S. Bhadauria**

106 **Short Communications**
Sources of multiple resistance to major diseases of sorghum in Tamil Nadu, India. **P. Lakshmanan, R. Jeyarajan and S. Palanisamy**
A multiple embedding virus of *Parasa lepida* (Cramer) (Limacodidae: Lepidoptera) in India. **B. M. Philip, S. Paul, T. and D. Joseph**

109 **Notes and News**

112 **Forthcoming Events**

115 **Résumés Français**

118 **Resúmenes Españoles**

VOLUME 34 NUMBER 2

121 Pest management strategies for *Prostephanus truncatus* (Horn) (Coleoptera: Bostrichidae) as a pest of stored maize grain: present status and prospects. **J. A. McFarlane**

133 Aerial spraying of quelea. **S. Manikowski**

141 Effective period for control of *Bandicota bengalensis* in paddy fields. **K. Srihari and G. Govinda Raj**

147 Studies on the control of root knot nematodes (*Meloidogyne* species) on tomato in Tanzania using marigold plants (*Tagetes* species), ethylene dibromide and aldicarb. **A. S. M. Ijani and M. T. Mmbaga**

150 The flow rate of formulations through some typical hand-held ultra low volume spinning disc atomizers. **C. Cowell and A. Lavers**

154 Studies on the foltap residue in betelvine leaves. **A. Bhattacharya, A. Chowdhury, A. K. Das, B. Dasgupta and K. Sengupta**

156 Fungal diseases of vegetable marrow and their control in the southern region of Oman (Dhofar). **A. M. Hammouda**

159 Chemical control of soilborne fungal pathogen complex of seedling cotton. **M. S. Chauhan, J. P. S. Yadav and S. Gangopadhyay**

162 Detailed survey of the parasitic weed *Striga hermonthica* in The Gambia. **A. G. Carson**

165 A study of the effect of tick infestation on liveweight gain of cattle in the Sudan. **R. J. Tatchell**

168 Rearing the legume pod borer, *Maruca testulalis*, Geyer (Lepidoptera: Pyralidae) on artifical diet. **L. E. N. Jackai and J. R. Raulston**

173 Effects of farming practices on populations of two grasshopper pests (*Kraussaria angulifra* Krauss and *Oedaleus senegalensis* Krauss (Orthoptera: Acrididae) in Northern Nigeria. **C. I. Amatobi, S. A. Apeji and O. Oyidi**

180 Mechanism of resistance in cowpea (*Vigna unguiculata* (L.) Walp.) genotype, TVx 3236, to the Bean Flower Thrips, *Megalurothrips sjostedti* (Trybom) (Thysanoptera: Thripidae) 1. Ovipositional nonpreference. **A. B. Salifu, C. J. Hodgson and S. R. Singh**

185 Mechanism of resistance in cowpea (*Vigna unguiculata* (L.) Walp.) genotype, TVx 3236, to the bean flower thrips, *Megalurothrips sjostedti* (Trybom) (Thysanoptera: Thripidae). 2. Nonpreference and antibiosis. **A. B. Salifu, S. R. Singh and C. J. Hodgson**

189 Studies on the apple fruit moth, *Argyresthia conjugella* Zeller (Yponomeutidae: lepidoptera): identification, distribution and extent of damage in India. **J. P. Sharma, D. R. Khajuria and G. S. Dogra**

193 Evaluation of citrus germplasm for resistance to the oriental red mite, *Eutetranychus orientalis* (Klein) under tropical humid South Indian conditions. **B. S. Bhumannavar, S. P. Singh and V. V. Sulladmath**

199 Potato pests in India and their control. **S. S. Misra and Hari Om Agrawal**

210 Mating disruption for the control of pink bollworm *Pectinophora gossypiella* (Saunders) in the delta cotton growing area of Egypt. **M. A. El-Adl, M. M. Hosny and D. G. Campion**

215 Major insect pests and phytophagous mites associated with deciduous fruit orchards in Afghanistan. **Mohammad Ullah**

218 Groundnut pests and their control in the semi-arid tropics. **J. A. Wightman and P. W. Amin**
Short communication

227 Mulberry germplasm resistance to bacterial blight (*Pseudomonas syringae* pv. mori) in Pakistan. **M. A. Akhtar and M. Sarwar**

229 **Notes and News**

231 **Book Reviews**

237 **Forthcoming Events**

238 **Conference Report**
The first international symposium on fungus-growing termites and the tropical environment

240 **Résumés Français**

244 **Resúmenes Españoles**

249 Communication for safety's sake: visual communication materials for pesticide users in Latin America. **James I. Grieshop and David Winter**

263 Successful biological control of water hyacinth (*Eichhornia Crassipes*) by *Neochetina eichhorniae* (Coleoptera: curculionidae) in Bangalore, India. **K. P. Jayanth**

267 Larvipositional behaviour of *Sturmiopsis inferens* tns. (Tachinidae: diptera) on sugarcane shoot borer in India. **H. David, S. Easwaramoorthy, V. Nandagopal, N. K. Kurup, M. Shanmugasundaram and G. Santhalakshmi**

271 The role of agronomic factors in the juvenile decline conditions of clove trees in Zanzibar. **P. J. Martin and A. J. Dabek**

278 Floristic composition and abundance of rice field weeds in four low-country Wet Zone districts of Sri Lanka. **J. P. N. R. Chandrasena**

288 Dissemination of weeds with rice seedlings. **A. N. Rao and Keith Moody**

291 Studies on the biology of *Panicum repens* L. 1 Comparative morphological development of three selections from different geographical localities in Sri Lanka. **J. P. N. R. Chandrasena and W. H. Y. Dhammika**

298 Uneven distribution of two potyviruses (feathery mottle virus and sweet potato latent virus) in sweet potato plants and its implication on virus indexing of meristem derived plants. **S. K. Green, Y. J. Kuo and D. R. Lee**

303 Current status of breeding cotton for resistance to bacterial blight in Zimbabwe. **R. J. Hillocks and R. Chinodya**

309 Diseases of major pulse crops in Pakistan – a review. **Muhammad Bashir and Bashir Ahmed Malik**

315 Evaluation of some fungicides and antibiotics against fungal and bacterial pathogens of betelvine (*Piper betle* L.). **V. R. Balasubrahmanyam, R. S. Chaurasia, R. D. Tripathi and J. K. Johri**

318 Present status of witches' broom disease of cocoa in Trinidad. **H. A Laker, T. N. Sreenivasan and D. Raj Kumar**

324 Evaluation of the efficacy of different pour-on formulations against cattle ticks in Kenya. **F. G. R. Rinkanya and R. J. Tatchell**

328 A survey of the insect pests of soybean in Northern Bangladesh, their damage and occurrence. **M. Ibrahim Ali**

331 Seasonality of *Eurytoma* sp.—a parasitoid on okra petiole maggot, *Melanagromyza hibisci* Spencer. **N. K. Krishnakumar and K. Srinivasan**

333 Protection of stored chickpea, *Cicer arietinum* L. from attack of *Callosobruchus chinensis* L. (Coleoptera: bruchidae). **Feeroza Khalique, Khalique Ahmed, Muhammad Afzal, Bashir Ahmed Malik and Mohammad Riaz**

335 A method for estimating populations of *Aphis craccivora* Koch on cowpea. **J. Srikanth and N. H. Lakkundi**

338 Seasonal occurrence of *Heliothis armigera* Hb. infesting sorghum panicles. **N. Natarajan and P. C. Sundara Babu**

343 Progress in resistance studies in the eggplant (*Solanum melongena* L.) against shoot and fruit borer (*Leucinodes orbonalis Guen.*) infestation. **B. S. Dhankar**

346 Control of the millet head worm in the Western Sudan. **David Hughes and Duncan Rhind**

349 Culture of *Heliothis armigera* (Lepidoptera: Noctuidae) using novel group rearing techniques and a semi-artificial diet. **J. S. R. Griffith and P. T. Haskell**

356 **Short communications.**

Culture of the sorghum earhead bug, *Calocoris angustus* Lethierry in the laboratory. **N. Natarajan and P. C. Sundara Babu**

Role of mealy bug on sheath rot disease manifestation in rice plants. **P. Lakshmanan, T. Manoharan and S. Mohan**

358 **Notes and News**

360 **Forthcoming Events**

363 **French Abstracts**

367 **Spanish Abstracts**

371 **Order Form**

373 Farmer surveys on the relation of agronomic practices to Karnal bunt disease of wheat in the Yaqui Valley, Mexico **E. J. Warham and D. Flores**

382 Cigar-end disease of banana in the southern region of Oman (Dhofar) **A. M. Hammouda**

384 Weed suppressing ability and productivity of short duration legumes intercropped with pigeonpea under rainfed conditions **Masood Ali**

388 Absorption and translocation of imazapyr in *Imperata cylindrica* (L.) Raeuschel and effects on growth and water usage **Dale L. Shaner**

393 Root-knot nematode resistance in selected cultivars of maize in northern Nigeria **Fasahat A. Khan**

395 Bird predators of pod borers of field bean (*Lablab niger* Medick) **A. K. Chakravarthy**

399 Tick control in small ruminants with a Cypermethrin 'pour-on' in Kenya **A. Muenstermann, F. G. R. Rinkanya and N. R. Tome**

402 Comparative toxicity of some insecticides to *Apanteles taragamae* (Hymenoptera: Braconidae) **Clement Peter and B. V. David**

404 Analysis of mortality characterization in developing LD values from topical application test results **John R. Leeper, Kenneth F. Raffa and John A. Bruhn**

407 The economic importance and control of the adult blister beetle *Psalydolytta fusca* Olivier (Coleoptera: Meloidae) **Ole Zethner and Alida A. Laurense**

413 Influence of weather factors on sorghum earhead bug *Calocoris angustatus* Lethierry incidence **N. Natarajan, P. C. Sundara Babu and S. Chelliah**

421 Screening of okra for resistance to *Sylepta derogata* Fabricius (Pyralidae) in Easter Nigeria **S. C. Anioke**

423 Susceptibility of varieties of sorghum (*Sorghum bicolor* Moench.) grain to different geographical strains of *Sitophilus oryzae* L. **Graham J. Holloway**

426 Studies on sugarcane shoot borer, *Chilo infuscatellus* Snell. and its viral pathogen in relation to season of planting and age of the crop **S. Easwaramoorthy and S. Jayaraj**

429 The mortality of pearly scale cysts, *Sphaeraspis salisburiensis* at different temperature and moisture conditions in Zimbabwe **B. Takavrasha and D. P. Giga**

423 Relationship between pheromone trap catches of male moths and the population of egg-masses of *Spodoptera litura* (F.) in groundnut crops **P. Sridhar, K. C. Devaraja Urs and A. B. Mohammed**

435 Effect of nitrogen, phosphorus and potassium on the population of insect pests of fodder mustard (*Brassica campestris* L.) and its seed yield in India **Shri Ram and M. P. Gupta**

438 Phytophagous mites in the North Eastern Hill Region of India **S. K. Gangwar and Lakshman Lal**

441 Efficacy of nuclear polyhedrosis virus with adjuvants as high volume and ultra low volume applications against *Heliothis armigera* Hbn. on chickpea **R. J. Rabindra and S. Jayaraj**

445 Varietal resistance of cowpeas to the cowpea aphid, *Aphis craccivora* Koch (Homoptera: Aphididae) under field and screenhouse conditions in Nigeria **T. I. Ofuya**

448 A comparative assessment of pheromone and light traps as tools for monitoring *Heliothis armigera* in Tanzania **Brigitte T. Nyambo**

454 Crop losses due to insects in the savannah area of Ivory Coast: a review **Pascal Moyal**

460 **Notes and News**

462 **Forthcoming Events**

464 **Book reviews**

467 **French Abstracts**

470 **Spanish Abstracts**

473 **Author Index**

Contents of Volume 34
